

## **APPENDIX C**

**All Willow Flycatchers Color-banded and/or Resighted  
2003–2006**

**Appendix C.** Willow flycatchers banded and resighted by SWCA at sites along the Virgin and lower Colorado Rivers in 2003–2006. Table includes individuals banded at sites prior to 2003 (Braden and McKernan, unpubl. data) and recaptured or resighted by SWCA. The table is sorted by federal band number, and includes color combination, study area and site originally banded, age when banded, sex, date originally banded, and the year(s) detected (including the year banded). A numerical footnote in the “Years Detected” column indicates the individual moved that year to a different study area than it occupied the prior year, with the footnote number indicating the new location (see legend at end of table).

Current Federal Band Number	Current Color Combination <sup>A</sup>	Study Area Originally Banded <sup>B</sup>	Site Originally Banded	Age When Banded <sup>C</sup>	Sex <sup>D</sup>	Date Originally Banded	Years Detected									
							1997	1998	1999	2000	2001	2002	2003	2004	2005	2006

<sup>A</sup> **Current Color Combo:** EE = electric yellow federal band; PU = pumpkin federal band; Vs = violet federal band; XX = standard silver federal band; BEs = berry federal band; Zs = gold federal band; Rs = red federal band; Bs = blue federal band; G = green; D = blue; B = light blue; Z = gold; R = red; K = black; Y = yellow; W = white; V = violet; O = orange; P = hot pink. Color combinations are read as the bird's left leg and right leg, top to bottom; two or three letters designate every band; color band designations for right and left legs are separated with a colon; bands stacked one over the other are separated with a slash (/). (M) following a color code designates the band as a metal pin-striped band; (P) following a color code designates the band as a full plastic band; (HP) following a color code designates the band as a half-plastic band, cut to half the height of a full plastic band, INA = information not available.

<sup>B</sup> **Study Area Originally Banded:** PAHR = Pahrnagat National Wildlife Refuge, NV; LIFI = Virgin River/Beaver Dam Wash confluence, Littlefield, AZ; MESQ = Mesquite, NV; MOME = Mormon Mesa, NV; MUDD = Muddy River Delta at Lake Mead, Overton Wildlife Management Area, NV; GRCA = Lower Grand Canyon, AZ; TOPO = Topock Marsh, Havasu National Wildlife Refuge, AZ; BIWI = Bill Williams River National Wildlife Refuge, AZ; IMPE = Imperial National Wildlife Refuge, AZ; YUMA = Yuma, AZ; 9 E ALAMO = 9 miles east of Alamo, NV (per Federal Bird Banding Laboratory); KEPI = Key Pittman Wildlife Management Area, NV; ROOS = Roosevelt Lake Reservoir, AZ, INA = information not available.

<sup>C</sup> **Age When Banded:** AHY = 2 years or older, SY = 2 years old, HY = hatch year, born that year, L = nestling, born that year.

<sup>D</sup> **Sex:** F = female, M = male, U = unknown.

- <sup>E</sup> Original federal band (2140-66621) removed due to a leg injury; no federal band on right leg.
- <sup>F</sup> Original federal band (2320-31663) removed due to a leg injury; right foot missing.
- <sup>G</sup> Site is located between Gila River Site 2 and Gila River Site 1.
- <sup>H</sup> Original federal band (2190-76604) replaced.
- <sup>I</sup> Individual known to have died before fledging.
- <sup>J</sup> Original federal band (2140-66517) replaced.
- <sup>K</sup> Original federal band (2140-66775) replaced.
- <sup>L</sup> Original federal band (2320-31451) replaced.
- <sup>M</sup> Color combination could not be determined due to a leg injury masking the band.
- <sup>N</sup> Color combination could not be determined.
- <sup>O</sup> Color combination could not be determined because of faded plastic bands.
- <sup>1</sup> Mormon Mesa.
- <sup>2</sup> Mesquite.
- <sup>3</sup> Topock.
- <sup>4</sup> Exhibited within season movement in 2003, Mormon Mesa then to Mesquite.
- <sup>5</sup> Pahrnagat.
- <sup>6</sup> Key Pittman Wildlife Management Area.
- <sup>7</sup> Littlefield.
- <sup>8</sup> Exhibited within season movement in 2005, Mesquite then to Mormon Mesa.
- <sup>9</sup> Muddy River, Overton WMA.
- <sup>10</sup> Exhibited within season movement in 2006, Mesquite then to Mormon Mesa.
- <sup>11</sup> Bill Williams.
- <sup>12</sup> Exhibited within season movement in 2006, Grand Canyon then to Mesquite.
- <sup>13</sup> Band number likely 2390-92434 but cannot be confirmed because bird was not captured in 2006. Bird had a visible injury on left leg.
